This agreement is made on ___/___/___ (Today's Date) between Jose L. Barrera (hereinafter "INSPECTOR") and the undersigned ("CLIENT"), collectively referred to herein as "the parties." The Parties understand and voluntarily agree as follows:

1. **Purpose:** The intention of the Swimming- pool/spa inspection is to evaluate the whole pool environment including the current condition of all accessible pool components, identify items that need repair to make the pool operational, safe, and reasonable to maintain. It will also identify the condition of the fence, gates, walkway, pool perimeter, slide, diving board, deck, rails, coping, lighting, structure, and other items of possible concern. Occasionally the inspection will reveal that further specialized testing is warranted.

2. **Scope:** The scope of the Swimming-pool/Spa Inspection is limited to those areas which are above ground or water level and are readily accessible during the time of the inspection. The report is based on the condition of the property at the precise time and date of the inspection. Operation of time clock motors and thermostatic temperature controls cannot be verified during a visual inspection. Pilot lights on LP gas pool heaters are not lit during the inspection. 3. **Report:** The CLIENT will be provided with a written report of the INSPECTOR's visual observations and if water testing is noted as included in this report the results of the chemical analysis of any samples collected will be included. Optional water testing includes testing for the following items: Free Chlorine, Total Chlorine, Bromine, pH, Alkalinity, Calcium Hardness, and Cyanuric Acid. The report is not intended to comply with any legal obligations to disclosure.

4. **Standards of Practice:** Unless otherwise inconsistent with this Agreement or not possible, INSPECTOR agrees to perform the inspection in accordance with the current Standards of Practice for Performing Pool Inspections of the
